RETRO RESIDENCE

If you've always wanted to travel back in time and relive that classic '70s American vibe, **X2 CHIANG MAI NIMMAN** should be on your Northern Thailand hit list. The boutique hotel is tucked away inside the trendy Nimmanhaemin area, and is surrounded by interesting cafés and art galleries. But the real selling point is the interesting interior, which is sure to bring back touching nostalgia this vibrant era in history.

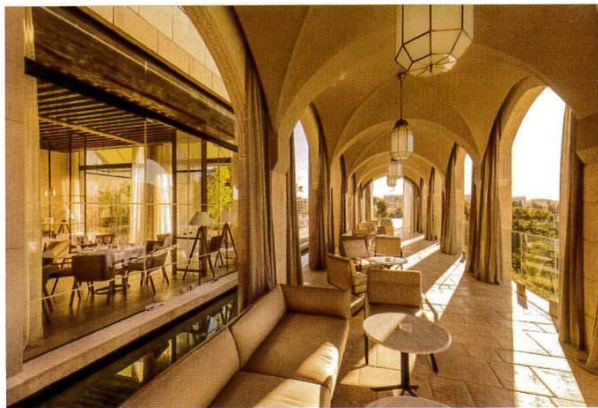

BLACK & WHITE

If there wasn't already enough truffle madness going on this month, the **INTERCONTINENTAL BANGKOK**'s Fireplace Grill & Bar is paying tribute to black and white truffles with a mouth-watering new menu. Some of the new masterpieces include seared scallops with shaved black truffle as well as tenderloin with panko black truffle crust and celeriac white truffle cream. We hope your Instagram can handle it.

CELEBRITY FIREPOWER

There will be a Michelin-star line-up on rotation at **THE ST. REGIS BANGKOK** from November 9-20. The hotel is planning to gather some of the best chefs, mixologists and gastronomic specialists from around the world to excite Bangkok foodies with world-class cuisine. Among the Michelin-star heavyweights are Michele Griglio of Winter Garden (Florence), Alfredo Russo of Dolce Stil Novo (Turin) and Peter Lloyd of Spice Market (London).

MAGIC TOUCH

Now might be the time to plan that luxury-laden R&R you've been thinking about. **SMALL LUXURY HOTELS OF THE WORLD** has welcomed four new beautiful locations to its exclusive collection. Each property is steeped in local culture and surrounded by beautiful scenery. Included on the list is the stunning Hotel Sahrai in Fez, Morocco. The original meaning of the name Sahrai means "magic", and the hotel sits on the former site of Marshal Lyautey's summer palace. Magical, indeed.

THAI FUSION

Revitalise your body with a special skin exfoliation and fusion Thai massage at Seasons Spa in the **CONRAD BANGKOK** hotel. The new treatments, available this month through December, offer three scrub-massage treatments to bring some vitality back into your life. Our favourite is the hydrating rose scrub combined with a Swedish-Thai compress massage. Pure bliss.
